

Extractive Industries Management

The following unit standards have been identified as either having a version that expires, or that expire completely, on **31 December 2017**.

All assessments on the unit standard versions identified must be completed before this date. After the expiry date has passed, you will not be able to report credits for the unit standard.

Please note that some unit standards listed are only available to learners with a signed MITO Training Agreement.

If you have any queries about the unit standards listed, please contact resourcecomments@mito.org.nz.

MITO Sector	Domain	Unit	Name	Expiring version	New version	SSB	Regulatory?	Actions
Extractives	Extractive Industries Management	17691	Use mathematics to solve problems in an extractive industries workplace	3	4	MITO	COC	Complete all assessments for version 3 before 31/12/17. After this date, new material for version 4 must be used.
Extractives	Extractive Industries Management	8902	Prepare a safety inspection plan for extractive operations	6	7	MITO	COC	Complete all assessments for version 6 before 31/12/17. After this date, new material for version 7 must be used.
Extractives	Extractive Industries Management	8922	Conduct safety checks before and after equipment use at an extractive site	5	6	MITO	-	Complete all assessments for version 5 before 31/12/17. After this date, new material for version 6 must be used.
Extractives	Extractive Industries Management	8899	Operate and maintain stockpile storage for product processed at extractive sites	6	7	MITO	COC	Complete all assessments for version 6 before 31/12/17. After this date, new material for version 7 must be used.
Extractives	Extractive Industries Management	21151	Demonstrate knowledge of planning rehabilitation operations for an extractive site	2	3	MITO	COC	Complete all assessments for version 2 before 31/12/17. After this date, new material for version 3 must be used.
Extractives	Extractive Industries Management	25878	Demonstrate knowledge of crushing and screening plant for extractive industries	1	2	MITO	COC	Complete all assessments for version 1 before 31/12/17. After this date, new material for version 2 must be used.
Extractives	Extractive Industries Management	21156	Demonstrate knowledge of planning and managing extraction to minimise environmental impacts	2	3	MITO	COC	Complete all assessments for version 2 before 31/12/17. After this date, new material for version 3 must be used.
Extractives	Extractive Industries Management	15658	Demonstrate knowledge of the selection of excavation and transportation plant and equipment for surface extraction	3	4	MITO	COC	Complete all assessments for version 3 before 31/12/17. After this date, new material for version 4 must be used.

The following unit standards have been identified as either having a version that expires, or that expire completely, on **31 December 2017**.

All assessments on the unit standard versions identified must be completed before this date. After the expiry date has passed, you will not be able to report credits for the unit standard.

Please note that some unit standards listed are only available to learners with a signed MITO Training Agreement.
